

Other Volunteer Opportunities

LAUNDRY AID

This function is typically shared by two volunteers who coordinate their weekly schedules to ensure there is always clean bedding available for the cats and kittens at the Adoption Center.

- Pick up laundry once a week at the Adoption Center and take home to wash and dry.
- Laundry typically consists of beds, bed covers, towels, blankets and soft toys
- Items must be washed using hot water and detergent and regular disinfecting bleach, and dried on high heat setting.
- Return clean laundry to Adoption Center and store in Adoption Center cabinet no later than two days after pickup.

FELINE TRANSPORT

Transport volunteers make themselves available to pick up our cats from the Adoption Center and take them back and forth to the veterinarian for medical checkups and treatment as needed.

OTHER SKILLS

If you have other experience and skills in marketing, communications, public events, social media, website maintenance, you may be able to use those skills to help PALS!
